- Ensure accurate documentation and smooth transition of programme data into PMC forms
- Assist teams in setting up outcome-level measurements to track programme effectiveness
- Standardize PME practices across different programmes and identify synergies between projects
- Explore innovative solutions, including technology, to enhance PME practices
- Identify risks in programme implementation and develop mitigation strategies administration

Monitoring & Evaluation (M&E)

- Lead the design and implementation of Results-Based M&E plans, including data collection tools, and qualitative and quantitative analysis to measure programme success
- Provide technical support to program and partnership teams on M&E systems, ensuring alignment with Child's Dream's institutional PME strategies and standards, with technical support and guidance provided by regional PME staff
- Manage the collection, analysis, and reporting of M&E data, ensuring continuous improvement in monitoring processes across programmes

Capacity Development

- Provide training and onboarding for staff and implementing partners on the Programme Management Cycle (PMC) tools and Child's Dream's M&E approaches
- Build the capacity of teams by delivering ongoing support and guidance on programme management and M&E practices
- Strengthen knowledge transfer through mentoring and facilitating practical meetings for diverse audiences

We are seeking for a person who meets the following criteria:
