Health Service Needs Assessments on the Thailand-Myanmar border

ALIGHT is an international non-profit organization that has provided humanitarian assistance to millions of beneficiaries over the past 40 years. ALIGHT works with refugee, IDP, and affected communities in more than ten countries around the world, helping people regain control of their lives after conflict and natural disaster. ALIGHT has been responding to the humanitarian/refugee crisis in Thailand since 1978, addressing issues relating to GBV, Health, and WASH sectors, with funding from BPRM, USAID, UNHCR, The Global Fund and many others. ALIGHT is sub-recipient of the Global Fund RAI3E grant and implementing malaria project in Thailand and Myanmar. ALIGHT is also a host of Malaria Free Mekong (regional CSO platform)

Alight Thailand is looking for a consultant to conduct an assessment on border population and health service needs on the border area of Thailand where population movement and malaria and TB cases have increased recently. The consultant will assess the situation, population and movement, available health services, any gaps including list of partners.

Consultant is expected to identify most prevalent health issues on the border, including Malaria, TB, and HIV, and estimate the risk population and the number of commodities needed for Malaria, TB, and HIV services.

OBJECTIVES

1. To conduct an assessment of mobile migrant population (MMP) and border population to identify available health services and gaps to design integrated services for MMP and border population under the Global Fund grant.
2. To guide the quantification of Malaria, TB, and HIV commodities on the border areas for MMP and border populations

METHODS

The following methods are suggested for completing the assignment

1. Desk review on the border movement, health service availability, and partners list
2. Consultation or one on one virtual meetings/calls to gather data

DELIVERABLES

1. List of detailed geographic areas health risk (Malaria, TB, HIV, and other common health), risk population (border and MMP)- (10 days)
2. Table of estimated population size including MMP to guide commodities for Malaria, TB and HIV. (4 days)
3. List of existing and potential NGO/CBO and community network for health services to MMP (2 days)
4. Full assessment report with a summary of deliverables 1,2 and 3. (1 day)

Qualification and requirements

- Bachelor degree in health, social science or medicine
- Minimum 3 years experience working in health projects/needs assessment or MMP and border population (Global Fund projet experience is plus)
- Able to communicate in English

Application instruction

The interested person or organization must submit the following documents either through mail to Mrs. Raprakan Kawphong (raprakank@wearealight.org)

- Expression of interest (email or letter)
- A tentative workplan, timeline, consultants daily rate (Maximum 3 pages)
- An up-to-date CV (maximum three pages)
- Sample of previous work
